Template for Short Resume Format (PI/Co-PI)

Name of PI/Co-PI	Dr. Ramachandran Thiruvengadam, MBBS, DCH, MD (Biochemistry), PhD (Maternal and Child Health) Associate Professor, Maternal and Child Health Programme, BRIC-Translational Health Science and Technology Institute (THSTI), NCR Biotech Science Cluster, Faridabad 121001, Haryana, India Email: ramachandran@thsti.res.in
Date of Birth	To be entered by the applicant before submission
Domain Expertise	Maternal and child health; perinatal epidemiology; clinical trials; clinical prediction models, AI-enabled imaging and multi-omics for adverse pregnancy outcomes
Number of articles in PubMed (Past 10 years)	63 (PubMed, as on 5 November 2026)
h-index	22 (Google Scholar, as on 5 November 2026; 3,956 citations; i10-index 31)
Fellow of Academies	INSA Associate Fellow (2026)

Maximum of 10 primary research publications related to the proposal

Sr. No.	Publication details in AMA style	Impact factor of journal	Author type (first, corresponding, co-author)	Name of policy/program/protocol document or patent/commercialization of products where cited
1	Gadekar VP, Damaraju N, Xavier A, et al; GARBH-Ini Study Group. Development and external validation of Indian population-specific Garbhini-GA2 model for estimating gestational age in second and third trimesters. *Lancet Reg Health Southeast Asia*. 2024;25:100362. doi:10.1016/j.lansea.2024.100362	6.4 (JCR 2025) Google Scholar citations: 1	Corresponding author	Basis of Indian Patent Application No. 202341061748 (A population-specific gestational dating system and a method thereof) and No. 202411027837 (GAUGE, awarded)
2	Chanian R, Thiruvengadam R, Desiraju BK. Prediction of spontaneous preterm birth in the second trimester: current models, limitations, and the way forward. *Indian J Pediatr*. 2026;93(8):852-858. doi:10.1007/s12098-026-06030-1	2.4 (JCR 2025) Google Scholar citations: 1	Co-author (second author)	Methodological basis for the two-step contingent screening strategy in the ICMR-funded GRASPP trial
3	Dinakaran A, Thiruvengadam R, Srinivasan AR, et al. Prediction models for gestational diabetes mellitus: diagnostic utility of clinical and biochemical markers. *Indian J Endocrinol Metab*. 2025;29(3):295-302. doi:10.4103/ijem.ijem_497_24	To be confirmed Google Scholar citations: 4	Co-author (second author)	-
4	Thiruvengadam R, Ayushi, Murugesan DR, et al; GARBH-Ini Study Team. Incidence of and risk factors for small vulnerable newborns in north India: a secondary analysis of a prospective pregnancy cohort. *Lancet Glob Health*. 2024;12(8):e1261-e1277. doi:10.1016/S2214-109X(24)00212-2	22.5 (JCR 2025) Google Scholar citations: 23	First author	Cited in Indian evidence syntheses on small vulnerable newborns; output of the DBT Inter-Institutional Programme on Maternal, Neonatal and Infant Sciences
5	Kotamreddy S, Srinivasan R, Sharma N, et al. Determinants of small vulnerable newborn births in two rural community-based cohorts in India: a prospective study. *Lancet Reg Health Southeast Asia*. 2026;47:100739. doi:10.1016/j.lansea.2026.100739	6.4 (JCR 2025)	Co-author (9th author)	Informs the WHO/Lancet small vulnerable newborn framework for India
6	Gopal P, Opondo C, Mukherjee D, et al; ICMR-SPIC Consortium. Risk of stillbirth among pregnant women with anaemia in India: secondary analysis of multiple cohorts from the ICMR-SPIC consortium. *Lancet Reg Health Southeast Asia*. 2026;52:100825. doi:10.1016/j.lansea.2026.100825	6.4 (JCR 2025) Google Scholar citations: 1	Co-author (7th author)	ICMR-Stillbirth Pooled India Cohort (ICMR-SPIC) consortium output; evidence base for national anaemia and stillbirth prevention policy
7	Bhattacharjee E, Thiruvengadam R, Varshney D, et al; GARBH-Ini Study Group. Deciphering mechanisms leading to preterm birth through post-GWAS integration of multi-omics data. *iScience*. 2025;28(11):113861. doi:10.1016/j.isci.2025.113861	4.5 (JCR 2025) Google Scholar citations: 2	Co-author (second author)	-

8	Bhattacharjee E, Thiruvengadam R, Ayushi, et al; GARBH-Ini Study Group. Genetic variants associated with spontaneous preterm birth in women from India: a prospective cohort study. *Lancet Reg Health Southeast Asia*. 2023;14:100190. doi:10.1016/j.lansea.2023.100190	6.4 (JCR 2025) Google Scholar citations: 14	Co-author (second author)	-
9	Sebastião YV, Thiruvengadam R, Khanam R, et al. Association between gestational weight gain and adverse pregnancy outcomes: cohort analysis from South Asia and sub-Saharan Africa. *BMJ Public Health*. 2025;3(1):e000900. doi:10.1136/bmjph-2024-000900	To be confirmed Google Scholar citations: 1	Co-author (second author)	-
10	Tang X, Ahmed S, Ahmed FB, et al; MOMI Consortium. Multi-Omics for Mothers and Infants (MOMI) Consortium: a global initiative to study adverse pregnancy outcomes. *J Glob Health*. 2026;16:05002. doi:10.7189/jogh.16.05002	5.5 (JCR 2025) Google Scholar citations: 3	Co-author (MOMI Consortium member)	Consortium protocol/position paper of the BMGF-supported MOMI Consortium

Experience as Investigator

S. No.	Short title of project (Max. 10 words)	Role (PI/Co-PI)	Funding agency	Amount of funding	Reference of main publications
1	IPD analysis of hypothyroidism in pregnancy in India	PI	Indian Council of Medical Research (ICMR), National Health Research Priority (NHRP)	INR 24,51,020 (Year 1)	-
2	Secondary analysis of gestational weight gain and maternal-neonatal outcomes	PI	Indian Council of Medical Research (ICMR), National Health Research Priority (NHRP)	INR 19,07,060 (Year 1)	Thiruvengadam R, et al. *Eur J Clin Nutr*. 2022;76(6):855-862
3	GRASPP: risk-based screening for placental disorders, randomised controlled trial	Co-PI	Indian Council of Medical Research (ICMR)	INR 9,94,20,000 (994.20 lakh)	Chanian R, Thiruvengadam R, Desiraju BK. *Indian J Pediatr*. 2026;93(8):852-858
4	MOMI-India Phase II: genomics and analysis planning	Co-PI	Bill & Melinda Gates Foundation, via Grand Challenges India-BIRAC	INR 10,65,90,000 (1065.90 lakh)	Tang X, et al; MOMI Consortium. *J Glob Health*. 2026;16:05002
5	GARBH-Ini Phase 2: preterm birth translational research, THSTI component	Co-PI	Department of Biotechnology (DBT), Government of India	INR 29,35,56,000 (2935.56 lakh)	Thiruvengadam R, et al; GARBH-Ini Study Team. *Lancet Glob Health*. 2024;12(8):e1261-e1277

Ongoing (Approved or Sanctioned) Research Projects (Funded by ICMR)

S. No.	Project ID	Title	Grant amount	Start date	End date
1	EMTR/IM-DEL/ 2025/03-28	Graded Risk-based Assessment for Screening and Prevention of Placental Disorders (GRASPP): a randomised controlled trial evaluating a two-step contingent screening strategy for the great obstetrical syndromes (Role: Co-PI)	INR 9,94,20,000	11 November 2025	10 November 2029
2	NHRP-2026-0000226 (ePMS)	IPD analysis of hypothyroidism in pregnancy: prevalence, risk factors and maternal and fetal outcomes in India (Role: PI; sanctioned 31 July 2026)	INR 24,51,020 (Year 1 sanctioned)	20 August 2026	19 February 2028
3	NHRP-2026-0000219 (ePMS)	Secondary data analysis of gestational weight gain and maternal-neonatal outcomes in Indian cohorts (Role: PI; sanctioned 26 May 2026)	INR 19,07,060 (Year 1 sanctioned)	1 June 2026	30 November 2027
4	IIRPIG-2023-0001097 (ePMS); File No. EM/Dev/IG/0001097/2023/JJC	Improving maternal and neonatal outcomes using imaging data science, ICMR Extramural Intermediate Grant (Role: Co-PI; PI: Dr Nitya Wadhwa; approved duration 4 years, annual extension after review)	INR 2,06,22,808 (Year 1 sanctioned); INR 7,97,46,000 total proposed for 4 years	20 March 2024	19 March 2028
