CURRICULUM VITAE (ERC-style layout)

Standard layout assembled from the master CV; check section order and limits against the call's own template. Data as of 5 November 2026.

Personal information

Name	Dr Ramachandran Thiruvengadam
ORCID	0000-0002-9195-2730
Web of Science ID	AFK-3492-2022
E-mail	ramachandran@thsti.res.in

Education

Year	Degree and institution
2023	Ph.D. (Life Sciences - Maternal and Child Health), Translational Health Science and Technology Institute, Faridabad (affiliated to Jawaharlal Nehru University, New Delhi)
2016	M.D. (Biochemistry), All India Institute of Medical Sciences (AIIMS), New Delhi
2009	Diploma in Child Health (DCH), Institute of Child Health and Hospital for Children, Madras Medical College, The Tamil Nadu Dr MGR Medical University
2005	M.B.,B.S., Madurai Medical College, Madurai, The Tamil Nadu Dr MGR Medical University

Current position

Associate Professor, Maternal and Child Health Programme, BRIC-Translational Health Science and Technology Institute (THSTI), Faridabad (30 June 2025 to date).

Previous positions

Period	Position and institution
May 2022 - June 2025	Assistant Professor, Department of Biochemistry, Pondicherry Institute of Medical Sciences, Puducherry
November 2021 - May 2022	Principal Scientist - I, THSTI, Faridabad
July 2021 - November 2021	Senior Research Scientist, THSTI, Faridabad
January 2020 - June 2021	Scientist D, THSTI, Faridabad
January 2019 - January 2020	Scientist C, THSTI, Faridabad
July 2016 - January 2019	Early Career Medical Research Awardee, THSTI, Faridabad
2013 - 2016	Junior Resident (M.D. Biochemistry), All India Institute of Medical Sciences, New Delhi
March 2009 - May 2013	Paediatric consultant, Private practice

Fellowships and awards

Award	Date
Award for a PhD student for the Best Published Paper of 2021, THSTI Foundation Day (DBT)	15 July 2022
Best oral presentation (second prize), Workshop on Air Pollution and Health Effects Research in India, CAPHER-India	21-23 October 2021
Best PhD oral presentation (second prize), National Science Day, THSTI	28 February 2021
Dr M.K. Bhan Group Award for the most impactful collaboration, THSTI (as a member of the clinical team of the DBT Consortium for COVID-19 Research)	2020
Early Career Medical Research Award, THSTI, DBT,	2017

Government of India (maternal and child health)	
FIMSA award for best poster, 13th FIMSA Advanced Immunology Course, PGIMER Chandigarh	17-19 March 2016
Prof. L.M. Shrivastava Medal for best oral presentation, 4th CME of Clinical Biochemistry, Sir Ganga Ram Hospital, New Delhi	20 March 2015
Certificate of Excellence for best journal club presentation, Department of Biochemistry, AIIMS, New Delhi	2014 and 2015

Supervision of graduate students and postdoctoral fellows

To be confirmed: not recorded in the master CV.

Teaching activities

- Faculty, PhD coursework in epidemiology, clinical research, translational research and biostatistics, BRIC-THSTI (2019-2022 and 2025 onwards).
- Faculty, MSc Clinical Research programme (clinical trials specialisation), THSTI: Epidemiology module (2023 onwards).
- External examiner, PhD thesis evaluation, University of Bergen, Norway (2024).
- External examiner, PhD thesis evaluation, Department of Biochemistry, AIIMS, New Delhi (2026).
- Faculty and co-facilitator, EpiCap, a capacity-building programme for epidemiology teachers in LMICs (ICMR-NIE and University of Bergen) (2023 onwards).

Organisation of scientific meetings

- Data science-driven solutions to improve maternal and child health: improving accuracy of pregnancy dating using AI, IIT Madras, Chennai, 22 February 2023 (co-organiser).
- Stakeholder meeting on AI-enabled pregnancy dating models and ultrasound tools, THSTI, April 2023 (co-organiser).
- Annual workshops on Artificial Intelligence in Healthcare with the University of Oxford: 5-6 March 2020 (Delhi), 21-24 November 2021 (online), 12-14 June 2022 (Goa) (co-organiser).
- Faculty Development Programme on clinical research methodology, Sharda University, Greater Noida, 8 February 2020 (co-organiser).

Institutional responsibilities

- Clinical coordinator and co-organiser, Aryabhata Data Science and AI Program at THSTI (ADAPT), bringing together clinical researchers, data scientists, computational biologists and statisticians.
- Spearheaded the THSTI collaboration with the Robert Bosch Centre for Data Science and AI, IIT Madras: more than INR 10 crore in extramural funding across three projects since 2019, two manuscripts and a patented product (GAUGE).
- Facilitated the Multi-Omics for Mothers and Infants (MOMI) consortium (Gates Foundation via GCI-BIRAC); contributed to the Variable Harmonisation Working Group harmonising clinical data across six cohorts in India, Pakistan, Bangladesh, Zambia and Tanzania (about 25,000 pregnant women).
- Coordinated the clinical research component of the DBT Consortium for COVID-19 Research, including real-world effectiveness evaluation of Covishield and Covaxin against Delta and Omicron that informed the national immunisation programme.
- Lead, THSTI pregnancy risk stratification data-analysis and capacity-building services to CMC Vellore (2025-2028).
- Coordinator, day-to-day activities of THSTI AI and imaging research projects in the Maternal and Child Health Programme (ICMR imaging data science project and Grand Challenges India AI for Ultrasound Programme), 2026 onwards.

Commissions of trust and editorial roles

- Member, Scientific Advisory Committee, ICMR-National Institute of Nutrition, Hyderabad.
- Expert member, Project Selection Committee (Epidemiology), ICMR intramural funding, 2024 onwards.
- Academic Editor, PLOS Global Public Health, and Associate Editor, Frontiers in Pediatrics, 2023 onwards.
- Member, Technical Advisory Group, Obesity Individual Participant Data Meta-analysis, ICMR (Division of Reproductive, Child Health and Nutrition), 2026 onwards.
- Member, Mentorship Advisory Committee, PRERNA 3.0, Society for Applied Studies, New Delhi, 2026 onwards.
- Expert reviewer, ICMR-RCN Division intramural research proposals.

Funding ID: ongoing grants

Project	Funding agency	Role	Duration / status	Amount
IPD analysis of hypothyroidism in pregnancy: prevalence, risk factors and maternal and fetal outcomes in India (ePMS NHRP-2026-0000226)	Indian Council of Medical Research (ICMR), National Health Research Priority	PI	20 August 2026 to 19 February 2028 (18 months)	INR 24,51,020 (Year 1 sanctioned)
Secondary data analysis of gestational weight gain and maternal-neonatal outcomes in Indian cohorts (ePMS NHRP-2026-0000219)	Indian Council of Medical Research (ICMR), National Health Research Priority	PI	1 June 2026 to 30 November 2027 (18 months)	INR 19,07,060 (Year 1 sanctioned)
Surveillance and Pregnancy/Perinatal Research Platform for India: pregnancy risk stratification data analysis, modelling and capacity building (Research Service Agreement, THSTI P609)	Christian Medical College (CMC) Vellore	PI	1 October 2025 to 31 March 2028	INR 1,14,88,500 (excl. GST)
Graded Risk-based Assessment for Screening and Prevention of Placental Disorders (GRASPP): randomised controlled trial of a two-step contingent screening strategy for the great obstetrical syndromes (EMTR/IM-DEL/2025/03-28)	Indian Council of Medical Research (ICMR)	Co-PI	11 November 2025 to 10 November 2029	INR 9,94,20,000 (994.20 lakh)
MOMI-India: Multi-Omics for Mothers and Infants, Genomics and Analysis Planning, Phase II (BIRAC/GCI/2023/MOMI-Phase II)	Bill & Melinda Gates Foundation, via Grand Challenges India-BIRAC	Co-PI	23 August 2023 to 22 August 2027	INR 10,65,90,000 (1065.90 lakh)
Improving maternal and neonatal outcomes using imaging data science (IIRPIG-2023-0001097; File No. EM/Dev/IG/0001097/2023/JJC; PI: Dr Nitya Wadhwa)	ICMR, Extramural Research Programme (Intermediate Grant)	Co-PI (clinical investigation)	20 March 2024; approved duration 4 years, annual extension after review	INR 2,06,22,808 (Year 1 sanctioned); INR 7,97,46,000 proposed for 4 years
Effects of extreme heat on maternal, placental and fetal physiology, lactation and newborn health in India (HiP-India)	Wellcome Trust, UK	Co-PI (clinical domain)	2024 to 2029 (dates to be confirmed)	GBP 2 million (consortium total)
AI for Ultrasound Programme (AI4USG): multicentric evaluation of Indian population-specific tools for antenatal gestational age estimation (MEGA study), with THSTI and IIT Madras	Grand Challenges India (BIRAC - Gates Foundation)	PI (technical domain), validation lead	2025 to 2026	Approx. INR 8 crore (incl. supplementary grant)

Funding ID: completed grants

Project	Funding agency	Role	Duration	Amount
Inter-Institutional Programme for	DBT, Government of India	Co-Investigator (clinical and epidemiology	2020 to 2025	INR 48,85,32,000 (4885.32 lakh)

Maternal, Neonatal and Infant Sciences: a translational approach to studying preterm birth (GARBH-Ini Phase 2)		domain)		
GARBH-Ini Phase 2, THSTI component	DBT, Government of India	Co-PI (clinical and epidemiology domain)	2020 to 2025	INR 29,35,56,000 (2935.56 lakh)
A bench-to-bedside model for clinical and translational science focused on fetal growth restriction and preterm birth (Glue Grant)	DBT, Government of India	Co-PI (clinical and epidemiology domain)	2018 to 2023	INR 6,81,90,000 (681.90 lakh)
Multi-Omics for Mothers and Infants (MOMI) Consortium, Phase I	Bill & Melinda Gates Foundation, via Grand Challenges India-BIRAC	Co-PI	2019 to 2023	INR 5,16,77,782 (516.78 lakh)
COVID-19 Bioresource at the NCR Biotech Science Cluster / DBT Consortium for COVID-19 Research	DBT, Government of India	Co-PI (cohort domain)	2020 to 2023	-
Preterm birth risk prediction in pregnant women using machine learning models	Grand Challenges India (BIRAC - Gates Foundation)	Co-Investigator	2020 to 2022	-

Ten selected research outputs

1. Thiruvengadam R, Ayushi, Murugesan DR, et al; GARBH-Ini Study Team. Incidence of and risk factors for small vulnerable newborns in north India: a secondary analysis of a prospective pregnancy cohort. *Lancet Glob Health*. 2024;12(8):e1261-e1277. doi:10.1016/S2214-109X(24)00212-2. PMID: 39030058 *[First author]*

2. Gadekar VP, Damaraju N, Xavier A, et al; GARBH-Ini Study Group. Development and external validation of Indian population-specific Garbhini-GA2 model for estimating gestational age in second and third trimesters. *Lancet Reg Health Southeast Asia*. 2024;25:100362. doi:10.1016/j.lansea.2024.100362. PMID: 39021476 *[Corresponding author]*

3. Thiruvengadam R, Awasthi A, Medigeshi G, et al; DBT India Consortium for COVID-19 Research. Effectiveness of ChAdOx1 nCoV-19 vaccine against SARS-CoV-2 infection during the delta (B.1.617.2) variant surge in India: a test-negative, case-control study and a mechanistic study of post-vaccination immune responses. *Lancet Infect Dis*. 2022;22(4):473-482. doi:10.1016/S1473-3099(21)00680-0. PMID: 34838183 *[First author]*

4. Thiruvengadam R, Rizvi ZA, Raghavan S, et al. Clinical and experimental evidence suggest omicron variant of SARS-CoV-2 is inherently less pathogenic than delta variant independent of previous immunity. *Eur J Med Res*. 2023;28(1):421. doi:10.1186/s40001-023-01373-3. PMID: 37821945 *[First author]*

5. Chanian R, Thiruvengadam R, Desiraju BK. Prediction of spontaneous preterm birth in the second trimester: current models, limitations, and the way forward. *Indian J Pediatr*. 2026;93(8):852-858. doi:10.1007/s12098-026-06030-1. PMID: 41729215 *[Second author]*

6. Dinakaran A, Thiruvengadam R, Srinivasan AR, et al. Prediction models for gestational diabetes mellitus: diagnostic utility of clinical and biochemical markers. *Indian J Endocrinol Metab*. 2025;29(3):295-302. doi:10.4103/ijem.ijem_497_24. PMID: 40688618 *[Second author]*

7. Bhattacharjee E, Thiruvengadam R, Varshney D, et al; GARBH-Ini Study Group. Deciphering mechanisms leading to preterm birth through post-GWAS integration of multi-omics data. *iScience*. 2025;28(11):113861. doi:10.1016/j.isci.2025.113861. PMID: 41362759 *[Second author]*

8. Bhattacharjee E, Thiruvengadam R, Ayushi, et al; GARBH-Ini Team. Genetic variants associated with spontaneous preterm birth in women from India: a prospective cohort study. *Lancet Reg Health Southeast Asia*. 2023;14:100190. doi:10.1016/j.lansea.2023.100190. PMID: 37492417 *[Second author]*

9. Sebastião YV, Thiruvengadam R, Khanam R, et al. Association between gestational weight gain and adverse pregnancy outcomes: cohort analysis from South Asia and sub-Saharan Africa. *BMJ Public Health*. 2025;3(1):e000900. doi:10.1136/bmjph-2024-000900. PMID: 40433067 *[Second author]*

10. Thiruvengadam R, Desiraju BK, Natchu UCM, et al; GARBH-Ini Study Team. Gestational weight gain trajectories in GARBH-Ini pregnancy cohort in North India and a comparative analysis with global references. *Eur J Clin Nutr*. 2022;76(6):855-862. doi:10.1038/s41430-021-01040-y. PMID: 34785811 *[First author]*
